1137 OCEANVIEW RD - PINEVIEW

CHARLESTON - MLS# 1416001 - \$224,400

This property is located in a desirable neighborhood on James Island. Minutes from Downtown Charleston and Folly Beach. The owner has made some great improvements to include an incredible back porch with fans to keep you cool in the summer. The kitchen and bathrooms have been remodeled and look amazing. Also, the home has an attached garage and carport to allow for plenty of parking space. Property backs up to a wooded lot, so you will have plenty of privacy and still be close to all Charleston has to offer. This is a must see in a quiet neighborhood on James Island.
