

Where time stands still...

113 Porcher Drive
Pooshee | Bonneau, SC 29431
MLS# 20024717 | \$799,000

Spectacular view of Lake Moultrie to enjoy from the old world charm of this property.

The lodge was built in 1946 with materials from Numertia Plantation in Eutawville.

The heart pine floor boards and the cypress walls and ceiling were cut especially for this house from wood at Numertia.

This one of a kind interior captures the Arts and Crafts period/era beautifully. The style provides a graciousness rarely found.

In addition a guest cottage was built in 2001. The Robin's son is an architect. You will find his rendering of this addition to the property.
