

1237 CHARLESTOWNE DR

Charleston, SC

3 Beds, 2 Baths - 1,656 sq/ft - \$374,900

This classic brick West Ashley home sits on a large corner lot of over 1/3 acre. Close to downtown, shopping, restaurants, I-26 and more this 3 bed 2 bath house is a must see. With hardwoods throughout, wood burning fireplace, and new windows, this is a move in ready home. The custom kitchen has granite, stainless steel appliances, and glass front cabinets. There are three large bedrooms with two upgraded baths. The layout of this house allows for numerous potential designs with a formal dining room and multiple living area. The roof and the HVAC are just a few years old and there is not much for a new buyer to do when they move in.
