Carol Oaks  
Mount Pleasant  
MLS# 15001716  
\$374,900

You NEED to see this home before you choose where you will live in Mount Pleasant! Like new but better on a lot that has a pond on one side and a private wetland in the back, this beautiful home has a kitchen with stainless appliances, a breakfast area with a bay window, and a tiled backsplash. There is also a separate room for dining...There are dual masters, two additional bedrooms, and there is plenty of storage too! The yard is private and has a nice stamped concrete patio...If you are looking for a great home in a smaller neighborhood with wonderful space for your family and with low HOA fees, this could be the home that you are looking for!
