

1313 Erckmann Dr. Mt. Pleasant, MLS 18018098

Welcome to the Cabinet Makers Cottage. This elegantly crafted home is beautifully unique and boasts superior quality of construction. You are first greeted by the grandly vaulted front porch with IPE floors which leads into the barrel ship lap entry foyer with reclaimed wood beam. The private master bedroom suite is an owners haven with gliding barn door entry. The walk-in closet and master bath with vaulted ceiling's are as pretty as they are functional. Beyond the foyer, the landing greets you with built-in book and display shelving. Your next step leads you into the spacious living/dining area accented by an oversized fireplace with tabby surround shared with a gorgeous kitchen with custom built cabinetry. The super sized island topped with a single marble slab is the centerpiece of this beautifully appointed kitchen. Upstairs offers 3 additional bedrooms with baths and walk-in closets. A large loft accommodates a children's living area or play/work space. Double garages out back offer parking for 4 cars or turn one into a guest cottage. This incredible home offers many possibilities and a lifetime of comfort.
