Summerville
MLS# 18027781
\$489,000

Great opportunity for anyone looking for a move-in ready house in one of Summerville's premiere neighborhoods...

House was built in 2011 and has just under gone a complete remodel... Has everything and more than the new construction currently being built, without having to live in a construction zone for the next few years... Situated on a very unique corner lot on a very quiet street... Lots of families with children on street as well.
