

137 BEAUFAIN STREET

Charleston, SC

3 Beds, 3 Baths - 2,508 sq/ft - \$974,900

Charming Cottage in Downtown Charleston that has been beautifully updated to include refinished hardwood floors, interior and exterior paint, large eat in kitchen with stainless steel appliances and high end cabinets. You also have a formal dining and living room, and a separate den with a fireplace that opens to the large back private patio. There is a first floor master suite that has a beautifully redone bathroom with large porcelain tiled shower, his and her vanities, and personal morning vanity as well. Upstairs there are two bedrooms and bathrooms. This home has ample parking with a garage with extra off street parking, and 2 on street reserved parking spots. There is a front yard that has a white picket fence that wraps around the whole house and is enclosed. In the back with the garage there is an extra office located off the back patio that is not included in the square footage.
