Are you looking for a large 4 bedroom home that is centrally located? This home is in Sandhurst and over 2500 square feet. Talk about location, you can be at the airport, Boeing, MUSC or downtown Charleston in minutes! With a new roof in 2013 it has been well maintained. Downstairs you will find a wood paneled den with a fireplace, a large eat in kitchen, a separate dining room and a huge living room. Upstairs the first thing you notice are the size of the bedrooms, the master is large with 2 walk in closets. The secondary bedrooms are nice sized as well. Also, new carpet throughout the 2nd story. Outside, the back is very private with lots of trees and a large in ground swimming pool. Just imagine the cook outs and fun times ahead!
