Great opportunity for a 3 bedroom 2 full bath brick home in Wando East. Convenient to everything. Lots of curb appeal and charm. Stone fireplace can be enjoyed from the kitchen and family room. The galley kitchen overlooks the family room. The garage is set up with a bar and for entertaining but everything can be removed. The screened in porch overlooks the fenced in backyard and the hot tub conveys with the home. This is a lovely one story floor plan. New roof within the last 4 years.
