- Desirable, Quiet Residential Location on Sullivan's
- Stone Fireplace with Huge Antique Mantel
- Spacious Backyard with Lots of Palms Trees
- Hurricane Shutters and /or Roll Downs
- Lush Landscaping with Well for irrigation

For the discerning buyer looking for something extraordinary and special. This 2nd row home offers peak views of the ocean and Sullivan Island's lighthouse from the upper decks. This beautiful home has a style all its own and is situated on one of the most desirable, quiet streets on the Island. Just steps from beach, the Sand Dunes Club and short walk to the new Sullivan's Island Elementary School. The Sellers spent significantly in a 2004 remodel to create this beach home with "European Flair". The Seller spared no expense on the exterior of the home adding a European hard coat stucco and Hardy Plank as well as an Elastomeric coating which is excellent for the ocean environment and heavy winds. In addition, all windows have hurricane shutters and/or roll downs. Lush Landscaping provides the final touch!
