High end features and finishes include gorgeous hardwood flooring throughout the first floor living space, granite countertops, stainless steel appliances, custom maple cabinetry, and James Hardie cement board siding. The oversized 2nd floor master suite offers plenty of closet space, dual sinks and a generous 5' walk in shower. A two car garage and large screened in porch round out the package. Yard maintenance and irrigation are included in the low HOA fees. The current homeowner has added shrubs, a walkway going from the garage to the screened in porch, alarm system, garage door opener, ceiling fans in master suite and on screened in porch, dimmer switches in kitchen and living areas, and window blinds throughout the home.
