Charleston, SC
MLS# 1331592
\$142,500

You promised you would be good this year and look what happened! Just in time to pack away the tree, this new listing has arrived! Located close to shopping and with easy commutes in West Ashley....1861 Jaywood is finally here. Loaded with upgrades such as granite countertops, new cabinets, new electrical, new plumbing, new roof, and the list goes on and on. The owners completely renovated this property and it is evident from the moment you see it from the street. Finishing touches are going on, but you will find bedrooms that are accommodating and bathrooms that you won't want to leave. There is a spacious living room area that leads to a dining area before you reach the kitchen. The kitchen has an eat-in nook area on the opposite side that give access to the bonus space. This room would be ideal for a den or maybe a man-cave? Possibilities abound depending upon the needs. The home boasts a wealth of common space, so I don't think you will have any reservations about inviting guests and wondering where everyone will go. Wood flooring is being installed, so you won't miss a beat. Outside there is a gazebo with views across the backyard and to the street. A peaceful retreat when you want to be alone with nature, but not away from home. Be the first of your friends to come take advantage of this great opportunity by viewing it today!
