and marketing training and 1
hour of technical real estate
training of all topics from **A**
(appraisals) to **Z** (Zillow
functionality). This training is
specific to South Carolina's laws
and real estate customs.

I owned and ran one of the most successful real estate appraisal companies in South Carolina. We performed over 13,000 appraisals in 10 years and provided brokerage services to various types of clients along the way. We managed 75 rentals, invested in and developed commercial and residential projects, and provided the most comprehensive residential appraiser training in the industry. I was offered a price for the company that I couldn't refuse.

My family and I relocated from Columbia to Isle of Palms. I am growing my team bigger and stronger. This time in Paradise!
