This single family home has 3 bedrooms and 2.5 bathrooms. The first story has the living room, dining room, eat in kitchen, half bathroom, along with a large laundry room/pantry combination. The kitchen has plenty of storage with 35 drawers and cabinets including a center island. The downstairs bathroom has been restyled with an elegant cabinet and sink. The second floor contains three bedrooms, two full bathrooms and a common foyer area. This home could have had four bedrooms, but the builder opted to make three larger bedrooms. The master bedroom is spacious and has a private bath along with a huge walk in closet. The foyer area is perfect for a computer room or kids TV/ gaming area. All rooms are prewired for cable and phone. Outside, there is a patio, additional brick patio for entertaining, and a six foot privacy fence. The garage has an automatic garage door opener installed with keypad. This home has many energy saving improvements.
