I'On Just across from Westlake!

My Favorite Things about MY FIRST FLOOR at 21 Faye Lane:

- Sitting quietly enjoying a good book in my sunroom while waiting for dinner to finish cooking.
- The brick fireplace in the living room that is gas-operated and is so easy to use!
- The large beams that compliment the high ceilings along with the tongue and groove walls and add an air of informality to the open floor plan.
- The compact kitchen that boasts two dishwashers, a five burner gas cook-top, convenient spice racks, appliance garages and a great island.
- The openness of the kitchen to the dining room that makes entertaining easy and fun!
