This is a wonderful home in a very desirable West Ashley neighborhood. The family room is large with a brick fireplace and hearth, floor length windows, a cathedral ceiling with exposed beams, ceiling fan all in a rich wood finish. Overlooking the family room you will find a cozy FROG / Artist's Loft with a great view of the area down below. This area could also be used as an office or a reading room. A full size laundry room is off of the family room. There is a one car garage and workshop area. Next you will find a nicely decorated eat-in kitchen. Here we have a pantry, ceiling fan, an Italian Ceramic tile floor. The Master Bedroom is a very nice 13' 6" x 11' 4" room with a walk-in closet, a cathedral ceiling and a ceiling fan. The Master Bath has a step in shower. Both additional bedrooms are decent sized perfect for guests, kids or office space.
