Longpoint ~ Mount Pleasant, SC 29464 ~ MLS# 20023076 ~ \$890,000

Coastal charm meets casual elegance in this stunning custom, elevated home. Nestled into a private, lush cul-de-sac shaded with six Live Oaks, more than 26 Palmetto trees, and mature tropical foliage, this home welcomes you onto its Plantation style front porch and begs you to "set a spell" on your choice of inviting porch swings. Entering the home, you'll appreciate the two-story foyer, 9' ceilings and oak hardwood floors throughout the main level, and other features that hint at the custom details found throughout the home.
