This takes you to bright open kitchen with a big island and eating area, the screened porch, patio, and pool. Take another left down into the separate laundry room; then through the garage to the FROG. Its own little world, the FROG is a fully finish great for in-laws or an au pair. Next, into the living room with its fireplace and built-in cherry cabinets. Lots of windows everywhere let in the outdoors! Enjoy the in ground pool and pond. The bedroom area has two secondary bedrooms and a huge master with sitting area. Fourth bedroom is FROG.
