This is a GREEN neighborhood. Every home is built to meet rigorous energy efficient building standards. The streets, alleyways, and bioswales all attribute to the "green" living that Oak Terrace Preserve was inspired by. This neighborhood also has a very social HOA. .every year Santa delivers gifts on the firetruck to these residents, there is a 4th of July Bicycle Parade, an Oyster Roast, and more.

Call me today to see the inside or schedule a showing!
