Meggett, SC 29449 • MLS# 16032145 • \$895,000

"Unique" and "beautiful" are not descriptive enough to describe this 2863 sq. ft., 4 bedroom, 3.5 bathroom home on 3.17 acres in Historic St. Paul's Parish and Meggett. Overlooking Wadmalaw sound, this home with a metal roof includes: 3 gas fireplaces (2 with antique mantels), white oak hardwood floors, cypress paneling, paneled pine doors, a sound system, stainless steel appliances, hurricane-proof glass windows, and one handicapped-accessible bath with a TV. The yard is beautifully landscaped (attracting wildlife including eagles), a gazebo with power, a dock, a man-made small lake, tree lighting and an irrigation system. There is approximately 900 feet water/marsh frontage.
