Amazing panoramic views of the Atlantic Ocean and Dewees Island from every room!! When you walk into this home, you will feel how spacious the grande entrance is with the winding staircase and the 24 ft ceiling. The first level has four bedrooms and a large living area that is perfect for a pool table. It also has a gas burning fireplace and opens up to a large deck that overlooks the 17th fairway and the ocean dunes. 2 of the bedrooms on this level also share the views and each has its own private bath. The second level is a reverse plan, with the huge kitchen, formal dining room, living room with gas fireplace and wet bar, office, cinema room, and another large porch for entertaining. Catch the morning sunrise over the Atlantic and feel the constant ocean breezes. Escape to your third floor master suite with its own private balcony overlooking the Atlantic on the back and the marsh in the front. Two large walk-in closets are separated by a huge master bath that opens up to the bedroom. Ample storage
