Gracious Southern living abounds in this private country escape on a lushly landscaped acre with ample porches and a saltwater pool!

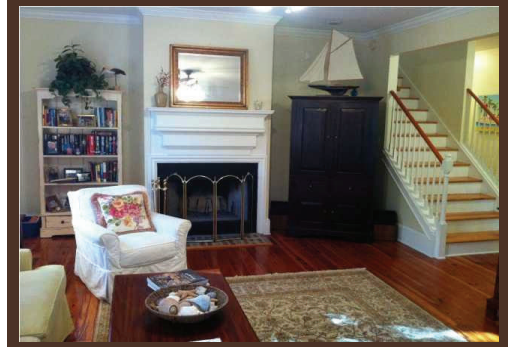

This home has 9' ceilings, heart pine floors, plantation shutters, crown molding, solid wood doors, surround sound, tankless H2O heater, a generator and even a mosquito misting system.

The master bedroom suite has large walk in closets and a Jacuzzi tub with a separate shower.

French doors and deep porches make for fantastic entertaining.

Only 5 minutes to quaint downtown McClellanville and the boat landing.

Could make a great fishing camp or family compound for those weekend getaways!
