8 1/2 Legare Street

Offered For \$2,995,000

This 3/3.5 very private and quiet Carriage house is one of the most magical in Charleston. Shaded by an ancient Oak and boasting a garden that is always a surprise; this home was originally a kitchen house and then a carriage/kitchen house before the many alterations that brings it to today: a wonderful Charleston home on the exterior and a very modern contemporary look in the interior.

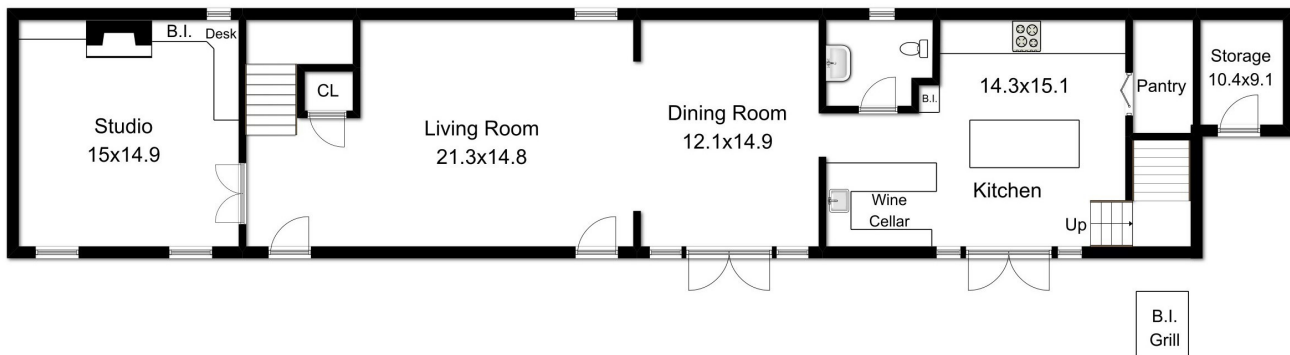

Among the many features are a slate roof, automatic gate, underground wiring, mahogany shutters, a two car garage, oversized closets, granite counters, butlers pantry, new drainage and plenty of storage. A real Charleston treat.
