◆ Excelling in Customer Service ◆

Very special opportunity to purchase a gorgeous lot on 2.38 acre at Briar's Creek. This exclusive golf club is positioned down a grand oak lined drive and is entered through a private gate. The experience is that of a private sanctuary perfected for the ultimate golf retreat. The beautiful course is nestled around natural boundaries and all of the wonders of the Low Country. Imagine no tee times and views of the Kiawah River. It is actually designated as an Audubon Signature Sanctuary. The membership is limited and the hospitality is like no other. Enjoy the city of Charleston just 15 minutes away! Build your dream home and start enjoying the lifestyle choice that so few get to call home. Owner can provide site plans and architectural plans at no additional charge.
