

COMING SOON

This wonderful, well-maintained ranch style home in Palmetto Hall at Dunes West is just about to hit the market! The one-story home has an open floor plan – was the Builders Model, so lots of extras like columns and arches, and has lots of windows that allow for beautiful views of the backyard and pond. A new roof was added in 2016!

This home has 3 bedrooms/2 full baths, and 1757 square feet of living space. It has a Gourmet Kitchen with white cabinets, corian counters, stainless steel appliances, and new wood flooring in kitchen, breakfast nook and laundry. There is a nice Master Suite with Bay Window tucked away in the rear of the home. The marble fireplace hearth surrounds a real working fireplace, and that wall has built-in bookshelves

The oversized lot (.24 acres) is beautifully landscaped and overlooks the Pond. There is an enclosed screened porch with sliding windows. All Dunes West Amenities are available – Tennis, pool, Clubhouse, golf, boat storage and boat ramp.
