IMPORTANT NOTICE: Never trust wiring instructions sent via email. Cyber criminals are hacking email accounts and sending emails with fake wiring instructions. These emails are convincing and sophisticated. Always independently confirm wiring instructions in person or via a telephone call to a trusted and verified phone number. Never wire money without double-checking that the wiring instructions are correct.

"Emails sent or received by this real estate licensee shall not constitute any offer or acceptance of contract terms by this real estate licensee and do not bind my Principal(s) unless my electronic communication includes one or more of the following: (1) the necessary Party(ies) electronic signature or (2) electronic reproduction of the Party(ies) "wet ink" signature or (3) the Party(ies) electronic written authorization for this real estate licensee to bind my Principal(s) in contract. Licensee does not have apparent authority to sign for or bind Principal(s) in contract."
