

“Did you know that 90% of Real Estate Agents quit within the first 2 years? Did you know that most new agents give up because they feel they don't have the necessary resources? As Broker-in-Charge for EXIT Realty Lowcountry Group, I do know that this is a fact. This statistic is what drives my motivation to make sure the agents on my team have the resources they need to be successful. I say this all the time: I want my agents to pass me when it comes to success. How do I help defy this statistic? I open my doors. I also offer hands on training to help the newly licensed agent fly! If you are a licensed agent, new or experienced, and you're looking to find a Real Estate office that offers hands-on training and one on one mentoring, my team may be a good fit for you! Please call my office at 843.225.3775 and speak with Katherine. Thank you!”- Corwyn J. Melette
