

Good news for us means GREAT news for your client!

We're excited to say we've had a huge influx of new properties to our management program...*and we're thrilled at what this means we can do for your clients!*

Does your out-of-town client need a place to stay while he or she looks at properties with you? A week in a beach house means the whole family can be relaxed throughout the house-hunting process!

Did you sell a client's property more quickly than either of you were expecting? Our team can find your client a place to stay while they search for a permanent address.

Sell them on a perfect fixer-upper but need somewhere for them to stay in the meantime? Island Realty has you covered!

With so many new properties on our program, we have availability that doesn't come around very often. Take advantage of it! Help us help YOU and your client!

Call us today at (877) 724-5047 and let's work together.
