

DON'T LET THINGS SLIP THROUGH THE CRACKS WHILE YOU'RE AWAY, LET US HELP!

Isle Watch It is your answer to the question "How is my property doing while I'm away?" There are many things that can go wrong when a house is left alone for an extended period of time, and the last thing you want to deal with when you come back home are major issues that could have happened months before you got there. We're here to provide you peace of mind, and make sure everything is running smoothly so your home is just as you left it.

MONTHLY INSPECTIONS!

We check every corner and crevice to make sure that everything is working as it should. These items include (but are not limited to)

- Exterior appearance
- Collecting the mail
- Tripped breakers
- Intrusion of any kind
- Leaks
- Making sure the fridge and freezer are operational
- All entrances are secure

A LA CARTE BILLING

Choose between a standard inspection and stand-by services for appointments, or just having someone on stand-by without a regular inspection--it's up to you!

PREFERRED COMPANIES!

Have companies you already prefer to work with? Great, we'll contact them any time issues with your home need to be addressed!

Not sure where to start with vendors? No worries! We have a list of local vendors that we have long-standing relationships with to help out. They will always give a fair price, priority response time, and a consistent level of service.

WE'LL KEEP YOU IN THE LOOP!

- We'll send you all inspection reports/pictures
- We'll call you if any repairs cost more than \$200 (or whatever cost you determine!)

WE'RE HERE FOR YOU!

- Our joint companies Isle Fix It (maintenance) and Isle Clean It (housekeeping) are here to assist you in the upkeep of your home
- Our property managers are accessible by both email and phone to help you!
