

Preserve, Promote & Protect

I bet we can agree on this:

In just **1 day** we will elect a new representative for House District 110 and Eddie Phipps is the best person to Represent Mt. Pleasant. He's a courageous leader who will never stop fighting to preserve, promote, and protect our community.

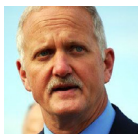

That's why we need to go to the polls and vote this Tuesday, June 14th in the Republican Primary.

Electing this Common-Sense Conservative Leader won't be easy -- political dynasties and special interests have hand-picked candidates that the will stop at nothing to get elected. AND the last thing they want in an outsider like Eddie Phipps who is not in their pocket.

We can't just sit back and hope that things are will get better. In this low turnout Election EVERY vote is critical.
