### How to participate

Submit your referral online at [vacasa.com/client-referral](https://vacasa.com/client-referral). If you've been in touch with a Vacasa sales representative, make sure to include that person's name when you complete the referral form.

You can also call your sales rep to provide your client's contact information directly.

### What happens next

After you submit your referral, we'll handle the rest. We'll set up a complimentary consultation with your client to see if they're a good fit for our full-service property management services. If your client chooses to move forward with us, we'll get them signed up as a Vacasa homeowner.

We'll list their home on Vacasa.com and third-party booking sites like Airbnb and Vrbo—and they'll be well on their way to hosting their first Vacasa guests.
