Cash Flow:?	N/A	Inventory:?	\$10,000	Employees:	3

Business Description

This 4.5-acre vegetable, herb nursery and greenhouse complex is strategically located in the heart of coastal South Carolina's fast-growing grand-strand (Myrtle Beach) and low-country (Charleston) areas. An acre of the included land also can accommodate a home/residential building. The business owner is a select grower and wholesale producer/supplier to many of the region's top restaurants, retail nurseries and hardware stores and during harvest seasons, opens the facility for the general public. This unique business opportunity has unlimited growth potential and even if you don't have a money-making, green thumb, yet, the retiring owner will be glad to make it happen during the transition. If interested, please contact Peggy Reese @ 843-693-2050 or Bobby Reese @ 843-693-0065. We'd love to have you meet the owner and see the nursery/farm..
