DESCRIPTION & DETAILS

A magnificent residence sits on a lovely cul-de-sac by a small park in this award-winning community. The spacious, three-story stucco and wood home is reminiscent of historic downtown Charleston yet has charming touches of the Arts and Crafts period seen in the custom gates and fencing surrounding the home and in the hand-cut woodworking. The interior is inviting with Italian Travertine and Brazilian Kumaro floors and hand blown Murano glass lighting fixtures. A large family room which opens on to an enclosed courtyard and a separate guest/in-law/office occupy the first floor. Upstairs, a light-filled Great Room designed with 4 sets of French doors opens onto a courtyard and a New Orleans-styled fireplace adds a welcoming presence to the room. Down the grand hall is the kitchen with granite counters, Ann Sacks glass-tiled backsplash, a wine refrigerator, two wall ovens, an IPE wood island bar top, stainless appliances and Bespoke cabinetry. The 3M coated surround windows in the breakfast room shower the room with natural light enabling one to enjoy the views of immense oaks and large palm trees. Steps from the kitchen is the formal dining room with built-in corner cabinets. The master bedroom suite with private veranda overlooks the Rookery and has a luxurious bath. Three additional bedrooms grace the third floor. This home is just a short walk from the I'On square and amenities.
